INC Magazine Ranks PPA Group in the top 100 Real Estate Companies

Austin, TX -- August 18, 2009 -- With more than \$200 million in acquisitions nationwide, The PPA Group, a commercial real estate investment firm, has earned its place on Inc. Magazine's annual ranking of the fastest growing private companies in America. In Inc. Magazine's 2009 annual rankings, The PPA Group ranked 47th in the category of fastest growing Real Estate companies.

Since its founding in 2005, The PPA Group has grown from just a team of four to over sixty-five employees today. The company first started in Bellevue, Washington and has since relocated its headquarters to Austin, Texas where it has established a strong presence in the Central Texas region.

Since its arrival in Texas, The PPA Group has expanded its operations and diversified into Property Management with the formation of a wholly owned subsidiary, PPA Real Estate Management.

The PPA Group has recently teamed up with other industry investment groups to take advantage of the current dislocation in the real estate markets caused by over-engineered capital structures and the economic downturn.

About The PPA Group

The PPA Group is an active, professional real estate investment company headquartered in Austin, Texas, which specializes in the acquisition of commercial and multi-family residential properties nationwide. The firm invests in a diversified range of quality commercial properties working with a network of many private investors. The PPA Group's objective is to acquire quality properties that provide secure and sustainable returns for its investors. The firm works to accommodate a wide range of investors looking for low to medium risk opportunities. For more information about the PPA Group call 512.651.0513 or visit www.theppagroup.com.
